*Advanced Care, Trusted Quality*

Product & Company Brochure

# About Indinexa

---

## Mission

Deliver quality healthcare products with innovation, safety, and patient well-being at the centre of every decision.

## Vision

To be a trusted pharmaceutical partner for healthcare professionals and distributors across India.

## Quality

Every formulation meets stringent quality benchmarks from sourcing to final release, with GMP-aligned processes.

## Customer First

Responsive support and reliable logistics ensure doctors, retailers, and distributors feel valued at every touchpoint.

## Innovation

Research-driven development keeps our portfolio aligned with evolving clinical and patient needs.

## Ethics & Integrity

Transparent practices, fair pricing, and ethical partnerships guide how we serve the healthcare community.

# Indiforce SP

*Stronger on Pain, Faster on Recovery*

## Composition

Each film coated tablet contains:

- Aceclofenac IP — 100 mg
- Paracetamol IP — 325 mg
- Serratiopeptidase IP — 15 mg (eq. to enzyme activity 30,000 units; as enteric coated granules)
- Excipients — q.s.
- Colour: Yellow Oxide of Iron

## Key Benefits

- Triple-action relief for inflammatory pain and fever
- Enzyme support may aid post-injury recovery and swelling
- Trusted analgesic combination for musculoskeletal discomfort

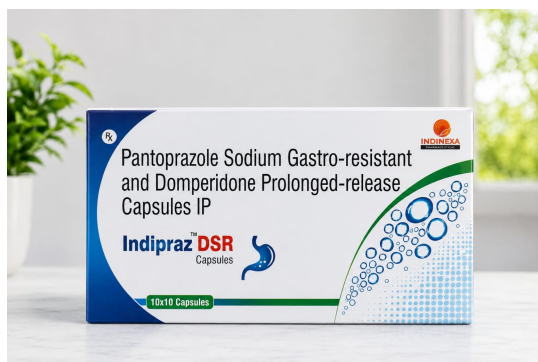

## Indications / Uses

- Pain and inflammation associated with arthritis and spondylitis
- Post-operative pain and soft tissue injuries (as advised)
- Dental pain and musculoskeletal spasms

For use under medical supervision only. Read label and follow prescriber advice.

# Indipraz DSR

*Rapid Relief, Lasting Protection*

## Composition

Each hard gelatin capsule contains:

- Pantoprazole Sodium IP eq. to Pantoprazole — 40 mg (as gastro-resistant pellets)
- Domperidone IP — 30 mg (as prolonged-release pellets)
- Excipients — q.s.
- Pellet colour: Brilliant Blue and Sunset Yellow
- Approved colour used in empty hard gelatin capsule shells

## Key Benefits

- Acid suppression with prokinetic support for gastric comfort
- Dual therapy addressing reflux and associated nausea
- Sustained-release design for extended gastric protection

## Indications / Uses

- Gastroesophageal reflux disease (GERD) and erosive esophagitis
- Peptic ulcer disease and NSAID-associated gastritis (as advised)
- Functional dyspepsia with delayed gastric emptying symptoms

For use under medical supervision only. Read label and follow prescriber advice.

# Indinex Syrup

*Daily Energy, Daily Immunity*

## Composition

Each 5 ml (approx.) contains:

- Lycopene (from Tomato extract) — 2 mg
- Multivitamins — as per formulation
- Multiminerals — as per formulation
- Antioxidants — as per formulation
- L-Lysine Hydrochloride — as per formulation
- Flavoured syrup base — q.s.

## Key Benefits

- Broad micronutrient support for daily vitality
- Antioxidant blend helps combat oxidative stress
- Palatable syrup format suitable for varied age groups as advised

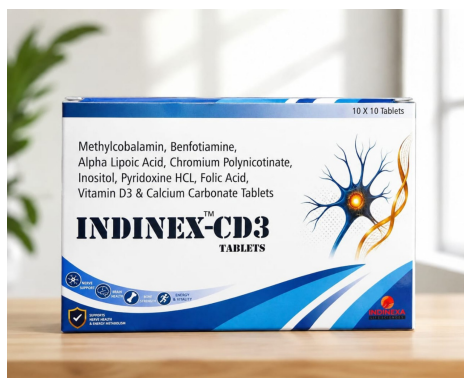

## Indications / Uses

- Nutritional supplementation in convalescence and fatigue
- Supportive therapy in deficiency states (as diagnosed)
- General wellness and immunity support under medical guidance

For use under medical supervision only. Read label and follow prescriber advice.

# Indinex CD3

*Advanced Neuro & Bone Support*

## Composition

Each film coated tablet contains:

- Alpha Lipoic Acid — 100 mg
- Benfotiamine — 150 mg (% RDA 99.97)
- Folic Acid — 1.5 mg (% RDA 100)
- Methylcobalamin — 1500 mcg (% RDA 100)
- Chromium Polynicotinate — 200 mcg (% RDA 100)
- Inositol — 100 mg
- Pyridoxine HCl — 100 mg
- Vitamin D3 — 1000 IU (% RDA 100)
- Calcium Carbonate — 500 mg (% RDA 83.33)
- Excipients — q.s.; Colour: Red Oxide of Iron
- Other ingredients: DCP, Sodium Starch Glycolate, Starch, Magnesium Stearate, PVP K-30

## Key Benefits

- Comprehensive B-vitamin and methylcobalamin support for nerve health
- Vitamin D3 and calcium contribute to bone mineralization
- Antioxidants and chromium for metabolic wellness

## Indications / Uses

- Peripheral neuropathy and diabetic neuropathy (adjunct)
- Vitamin B12 / D deficiency states as diagnosed
- Post-menopausal bone health support under supervision

For use under medical supervision only. Read label and follow prescriber advice.

# Indinex Forte Injection

*Powerful Nerve Restoration*

## Composition

Each 2 ml ampoule contains:

- Methylcobalamin IP — 1500 mcg
- Thiamine Hydrochloride IP — 100 mg
- Pyridoxine Hydrochloride IP — 100 mg
- Nicotinamide IP — 100 mg
- D-Panthenol — 50 mg
- Benzyl Alcohol — 2% v/v
- Water for Injection — q.s.

## Key Benefits

- High-potency neurotropic B-complex for rapid parenteral support
- Supports nerve regeneration pathways in deficiency states
- Hospital and clinic-ready sterile presentation

## Indications / Uses

- Acute and chronic neuropathies when oral therapy is insufficient
- Pre- and post-operative nutritional support (as advised)
- Documented B-vitamin deficiency requiring injection therapy

For use under medical supervision only. Read label and follow prescriber advice.

# Piloshine

*Targeting the haemorrhoids and piles*

## Composition

Each film coated tablet contains:

- Euphorbia Prostrata Extract — 100 mg
- Containing 3.15 mg to 8.25 mg total flavonoids calculated as Apigenin-7-Glucoside
- And 12.6 mg to 44.0 mg of total phenolics calculated as Gallic Acid
- Calcium Dobesilate Monohydrate IP — 500 mg
- Colour: Red Oxide of Iron & Titanium Dioxide IP

## Key Benefits

- Phlebotonic and vascular protective support for haemorrhoidal symptoms
- Herbal extract traditionally used for piles management adjuncts
- May reduce bleeding and discomfort when used as directed

## Indications / Uses

- Haemorrhoids and piles (internal and external) as adjunct therapy
- Chronic venous insufficiency-related symptoms (as advised)
- Supportive care post-procedure per surgeon recommendation

For use under medical supervision only. Read label and follow prescriber advice.
